

International Recording Artist. Songwriter. Fashionista. Vocal Coach. Chezere.

Chezere has been compared to everyone from Shirley Bassey and Tina Turner to Lenny Kravitz and Neneh Cherry! French Vogue Magazine once quoted "If Lenny Kravitz and Neneh Cherry had a child, she'd be called "Chezere" and she'd put her parents to shame!" One moment she's doing a killer "House" track; then next it's Acid Jazz with UFO and Urban Species; then just when you think you've got her figured out, she hits you with a soaring rock vocal!

Chezere has worked with some of the best artists in the music industry, including:

- The Roots
- Jamiroquai
- Simon Hale
- United Future Organization
- Urban Species
- The Mission UK

Chezere has also collaborated with some of Dance/Electronica's finest producers, including:

- Bob Sinclar
- Mark Grant
- Groove Junkies
- Roy Davis Jr.
- DJ Dealer
- Lars Behrenroth
